

Conference fees (USD):

	before 01 of July '17	after 01 of July '17
conference registration	600	700
conference registration - students	500	600
short course	440	440
short course - students	400	400
conference registration + short course	1000	1140
conference registration + short course - students	900	1040
guest	250	250

Conference organizers

The 2017 ISIMS Conference is organized by Military University of Technology (MUT) and Military Institute of Chemistry and Radiometry (MiChR). Both institutions have some experience in IMS technology and scientists from there were active participants of previous conferences.

It is a great honor for us to host scientists and researchers working in the field of IMS. We look forward to seeing you at the ISIMS 2017 in beautiful Poland!

Jaroslav Puton (MUT) and Miroslaw Maziejuk (MiChR)
Conference Organizers

If you have any questions on ISIMS 2017 conference, please email to: isims2017warsaw@gmail.com

International Society for Ion Mobility Spectrometry

ISIMS

26th Annual ISIMS Conference
July 23 - 27, 2017
Hotel MAZURKAS
Ożarów Mazowiecki (Warsaw), Poland

Short course: July 22 - 23

archives WOT

ISIMS 2017 conference is organized by:

Military University of Technology
and
Military Institute of Chemistry and Radiometry

About conference

Ion mobility spectrometry technology has grown from specialized security and military devices to high performance analytical instrumentation used in academic research and a broad field of applications; it has also become an enabling feature for mass spectrometry to measure the otherwise impossible. In the past 26 years, the annual conference of the International Society for Ion Mobility Spectrometry (ISIMS) has been serving as the essential link to a core group of ion mobility spectrometry researchers and pioneers. Once a year, we get together to share our research achievements, new ideas, experience and joys.

The conference encompasses many technical aspects of ion mobility spectrometry, from cutting edge research to novel applications. The conference also provides unique networking opportunities for you to join and enjoy the IMS research community. In addition, the short course, which precedes the conference, gives an excellent introduction to the theory and practice of IMS to those new to the field.

Conference schedule

Saturday, 22 of July:	Short Course
Sunday, 23 of July:	Short Course Conference registration Welcome reception
Monday, 24 of July:	Opening of the conference Conference sessions
Tuesday, 25 of July:	Conference sessions
Wednesday, 26 of July:	Excursion to Wilanów Poster session Conference dinner in Żelazowa Wola
Thursday, 27 of July:	Conference sessions Closing the conference
Friday, 28 of July:	Optional tour to Toruń

Important dates

Abstract submission deadline:	30 of April, 2017
Acceptance Notification:	31 of May, 2017
Early Bird Conference Registration:	before 01 of June, 2017
Standard Conference Registration:	after 01 of June, 2017

The conference place

The conference sessions and meetings will be held in MAZURKAS Hotel located in Ożarów Mazowiecki. It is a small town in suburban area of Warsaw (see the map). The hotel is situated 15 km away from the center of Warsaw and the distance to the Warsaw Chopin Airport (www.warsaw-airport.com/) is approximately 24 km.

The hotel has long-standing experience with regard to the organization of conference events, as well as guarantees comfortable accommodation. The hotel rooms prices are reasonable and much lower than in the center of the city.

A special rate was negotiated with the MAZURKAS hotel for booking before 11th of July 2017 (promotion code = ISIMS2017WAW):

- 209 PLN (52 USD) plus tax (standard room)

- 234 PLN (58 USD) plus tax (twin room)

Breakfasts are included.

Reserve your hotel:

by phone: +48 22 7214747-49
